PROGRAMMA DEL CORSO:

Level B1 a B2

This class uses ENGLISH FILE Intermediate (green) as the basis to cover the structures in the list below.

Some participants have already used this book in past courses but since there is a lot of material to cover and I, the teacher Susan Brodar, like to integrate the grammar, topics and pronunciation with many more materials produced by myself or other colleagues, as well as practising with audio / video materials and many speaking games to consolidate the language in class plus grammar games to consolidate at home, I recommend reusing it even for those who have already finished it.

Most students are busy with work or studies and have not fully completed all the exercises in the book and online. There will be plenty more materials for those who have really completed everything. I also incentivate reading aloud together and alone, audiobooks I will recommend and materials on current affairs.

The lessons are only in English, with all grammatical explanations and definitions in English to enhance the full-immersion effect. I believe you learn the language best by absorbing the grammatical structures in context without translating.

I look forward to seeing you in class!!!

Your fluency guide,
Susan Brodar
